Frontier Utilities, a Full Scale Retail Electricity Provider, Represented by M&A Team of AEG Affiliated Energy Group

HOUSTON, TX--(Marketwire - February 9, 2012) - The M&A Team of AEG Affiliated Energy Group ([www.affiliatedenergy.com](http://www.affiliatedenergy.com)) served as Frontier Utilities' sole investment bankers in its sale to a group of independent Texas-based investors led by Quintana Infrastructure & Development LLC ("QID") and industry veteran Jay D. Hellums.

Having closed three merger and acquisition deals specifically in the retail electricity space in the past nine months alone, the team of AEG Affiliated Energy Group specializes in mergers and acquisitions involving Retail Electricity Providers (a/k/a, "ESCO's") and gas suppliers in the deregulated energy markets. The terms of the acquisition are being kept confidential.

"AEG's M&A Team has an active pipeline of M&A deals in progress and anticipates more M&A deals being closed within the next two quarters," noted AEG's Chad Price.

With clients ranging from regional privately held ventures to multinational utilities and publicly traded conglomerates, AEG's M&A Team also provides a range of financial and consulting services specializing in energy-related mergers, acquisitions and venture capital transactions, due diligence services, bridge financing transactions, and wholesale and retail energy procurement services.
